Planning Portal Release 5.06 (14th June 2011)

Homepage Portlets	
4421	**Useful links portlet**
	The introductory text displayed in the USEFUL LINKS portlet can now be removed. This text will only reappear when you open a new session.
4536	**Resize of homepage adverts**
	The homepage adverts are now rendered to their correct size which fits the correct portlet width (308px).
4559	**Policy table**
	This fix ensures the policy table sorts by date correctly.
Standalone Fee Calculator	
4383	**Login display**
	The incorrect header containing the text 'null' has now been removed from the standalone fee calculator page.
Registration	
	Registration details
4599	Users who have registered with the Planning Portal, prior to Portal 2.0, will now see their address and telephone details by default when they re-register or edit their details.
Online Applications	
4520	**Population of registered phone number**
	This fix ensures a registered phone number is automatically populated on the online application form.
471	**Fees section cancellation**
	This fix ensures the Fee section displays as complete when cancelling a recalculation after making a payment.
490	**Improved error message for payment online**
	A meaningful error message will now return to users when an attempt to pay online fails, rather than a message shown in code.
